With a view to this scientifically-evolved and easily-acquired Language becoming the means of intercommunication after the War, business people in several countries are satisfactorily preparing for "the good time coming." Britons learned Esperanto sooner than they could the Russian alphabet, and foreigners acquire a fluent use of Esperanto long, long before they can understand our words and the fickle and changing sounds of the letters of our alphabet.

## PREFACE TO 1923-24 EDITION.

WE have again diligently collected and carefully arranged the useful and up-to-date information regarding Buteshire—the Officials for the whole county and its individual parishes, and Householders and Business people in the more enterprising districts.

Notwithstanding the continued very high prices, we have striven to maintain our Directory as full as in pre-war times, and that without a subsequent commensurate advance of rates. With the continued support of former patrons, we, with patient industry, will continue in the way of well-doing.

As our Advertising friends appreciate the continued distribution of their announcements facing the ordinary reading matter, with prompt receipt of orders, we keep permanent this decided benefit.

This DIRECTORY is not only at hand for reference at all times throughout the whole county, but it is also ready for reference in the public libraries of Scotland, England, Ireland and Wales, and also in numerous business houses and agencies in busy centres ; and we are particularly anxious that nothing of benefit to Buteshire is omitted, but that all interests have a good show, and everything brought thoroughly up to date.

[For a number of years we have corresponded, per the International Language, with persons in all civilised lands, and in our spare pages we again give glimpses of some our propaganda—which, we trust, will here interest those who hope for international peace, good-will and harmony.]

Those who wish Lists of Householders arranged in Streets or Districts can get that in the Official Voters' Roll—in whole or in parts.

Our best thanks are again accorded to those who have in any way helped us in this compilation. It takes long and careful vigilance to ascertain and give effect to the continual changes.

"One of the most gratifying messages of good will that has reached us this season comes from Rothesay, Scotland, in the form of a 'Heather Christmas Card' issued by Messrs Higbie & Co., of that favourite resort.

The two inside pages are surrounded with mottoes, every one of which breathes a true Scottish sentiment of good will to absent relatives or acquaintances. Along with this card Messrs Higbie & Co., send us a copy of their guide to 'Bonnie Scotland's Resorts,' a wonderful little compendium of descriptive and historical information."—*New Zealand Times*, Wellington.

"They're faur, faur awa', but their hearts are kind and true—

The auld hoose at hame is ever in their view :

The Bonnie Heilan' heather and the hill-taps clad wi' snow—

Their hearts are aye in Scotland though they're faur, faur awa'."

## LONG LIVE THE BUTE DIRECTORY.

The Opinions of the Press and the Acknowledgments of Libraries are as complimentary as ever. The "Glasgow Evening News" makes the following appreciation of "Local Colour.—The compilers of the Bute County Directory have an ingenious method of making up the local colour and stimulating local pride. Instead of filling up the Calendar with the stock anniversaries, they have put against each date a local happening." Thus—[Two events mentioned]. "It is certainly an idea that makes for atmosphere."

# COUNTY OF BUTE.

THE COUNTY OF BUTE comprises the seven islands in the Firth of Clyde, viz. BUTE, the most populous; ARRAN, the largest; the GREAT and LITTLE CUMBRAES, off the Ayrshire Coast; HOLY ISLE and PLADDA, off Arran; and INCHMARNOCK, off Bute.

The total AREA OF THE COUNTY (land and water, exclusive of tidal water) is 139,658 acres, of which 53,510 are mountain and heath lands used for grazing. 3,806 acres are under plantations, and 794 are covered with water. There are 25,981 acres under all kinds of crops, bare fallow and grass, which is a gradual inroad on the mountain heath and hitherto uncultivated land.

The principal INDUSTRIES are agriculture, horticulture, and fishing. The islands possess great and varied natural attractions, and are in the forefront as holiday resorts.

The Population of the COUNTY (including its Burghs of ROTHESAY and MILLPORT) in 1801 was 11,791; 1831, 14,151; 1861, 16,331; 1881, 17,657. In 1891 it was 18,248 (8,057 males and 10,197 females); and in 1901, 18,786 (8,412 males and 10,374 females)—being an increase of 255 in the ten years—2·1 per cent. There were 4,270 inhabited houses in the islands.

For 1911, the figures were as follows:—

	Males.	Females.	Total.	Revised total.
Arran	2,169	2,402	4,571	4,628*
Bute (including Rothesay)	5,081	6,781	11,799	11,851
Cumbrae	704	992	1,696	1,707

\*The increased total issued in the Quarterly Return of the Registrar-General compared with the returns lodged with the Sheriff-Clerk, may be accounted for by the enumeration of the shipping.

the decreases since 1901 are as follows: Arran, 209; Bute, 330; Cumbrae, 62—601. The population at the postponed 1921 census [taken in June instead of April] for the county, was 33,711 (13,8880 males and 19,831 females)—being an increase of 15,525 over 1911.

## Parish of North Bute.

THIS is the northern portion of the island of Bute. Port-Bannatyne, its principal village, is two and a-half miles from Rothesay, with which it is connected by tramway. Kames Castle, in the vicinity, is said to be the oldest inhabited castle in the country, and was the ancient seat of the Bannatynes. The village was named after that family—two brothers of whom (John and Gilbert)—received a charter from King Robert the Bruce, for services rendered at Bannockburn.

At the 1921 census, (taken in June instead of April) the parish contained 1201 males and 1529 females—total, 2730.

## SHORTHAND, TYPEWRITING, ESPERANTO, AND BOOK-KEEPING.

MR HIGGIE'S CLASSES FOR PRACTICAL INSTRUCTION are conducted during the two Winter Quarters—October till December and January till March.

PRIVATE TUITION BY ARRANGEMENT.

**Shorthand** continues to be taught with a view to its subsequent usefulness in Business and Professionally.

In **Typewriting** special attention is devoted to Punctuation and Capitalisation—a thorough knowledge of which is absolutely necessary in Practical Printing, and cannot longer be neglected by those aspiring to be First-Class Typists.

**Esperanto.**—This wonderful International Language is already used for Business and Pleasure in all parts of the world. Mr HIGGIE, being an official of the Universal Esperanto Association, is in touch with important regions all over the world and regularly corresponds with persons everywhere—notwithstanding their different national languages.

This auxiliary language anticipates the happy time when there will be “Peace on earth and good will to men,” which is coming yet in spite of the present times of “great tribulation”—caused by covetousness, selfishness, greed, and wanton hindrance to peaceful re-construction. The efficacy of the International language in tracing missing friends and making new ones was repeatedly evidenced during the past troubles.

Anticipating the boom in International Trading after the World War, experiments by means of inter-correspondence in Esperanto are being made by business firms throughout the world with eminently satisfactory results. It is not the tyrants but the “meek who shall inherit the earth.” The blatant, self-righteous and arrogant despots were beaten, but Righteousness is yet to be exalted, and frightfulness loathed. The longed-for league of nations is evolving, when harmony and good-will shall yet reign in spite of all present discord and opposition—but not without many sacrifices, much service and suffering. Prosperity will not come through desiring something for nothing, but through universal patient industry for the public good.

**Book-Keeping.**—Instruction given in Book-Keeping and other Up-to-Date Business Methods. Advertisement Writing is a Present Day Enviable Profession, and the ground-work and minutæa have long been familiar to Mr Higgle, a practical Printer.

**Messrs HIGGIE & COY'S ESPERANTO PUBLICATIONS** are known, read and appreciated throughout the whole civilised world. Many of the contributions are written by up-to-date foreigners.

Messrs HIGGIE & Co., Printers and Publishers, Rothesay.

**T**HIS island, the largest in the group, is famous for the grandeur of its scenery and the variety of its geological deposits. The island is twenty miles in length twelve in breadth, and is divided into two parishes—Kilbride on the east, and Kilmory on the west. The late King Edward and Queen Alexandra spent a very pleasant holiday in the island after their postponed Coronation in August, 1902, and witnessed some very interesting sheep dog trials—which lengthened their stay

# CHARM of the HEATHER

A SPRIG OF SCOTS HEATHER is as lightly thought of at home as a drink of cold water (of which there is more than enough to spare), but it is an inspiration and a valued reminder of the pleasantest of memories to Scots and their friends abroad.

The exchange of national floral emblems will yet become exceedingly popular among those who work for human brotherhood.

We produced Victory Commemoration Bookmarks—in connection with the Armistice, the Signing of Peace and the succeeding Joy Day Celebrations,—which were considered very appropriate.

## Remember Friends Abroad.

While enjoying holidays remember to gather sprigs to send to friends abroad, or in response to appeals you will see in leading Scottish weekly newspapers.

We have for years sent boxesfull of heather to friends and societies abroad. We frequently respond to newspaper appeals, and the following is one of the acknowledgments we received :—

East London, C. P., So. Africa, 18th Dec.

Mr George Higbie, 22 Bridge St., Rothesay, Scotland.

On behalf of the East London Caledonian Society I wish to thank you for being so kind in responding to my appeal for heather, which was sold on our Patron Saint's Day, and realised the very handsome sum of £265 5/11, and has been forwarded to the fund for disabled Sailors and Soldiers. The heather was received in first-class condition, and was much prized —Yours faithfully,

JAMES FORBES,  
Convener of Heather Committee.

It is not only Scots abroad who enjoy a sprig of something that actually grew at home. The Glasgow 'Evening Times,' while the above acknowledgment was on the ocean, printed the following ;—“ Flower girls in Argyle Street are making brave display with the mimosa, which comes to us from the Continent before the swallows or even the daffodils dare. It is one of the indications, after the shortest day, that somewhere the sun is shining, and that winter is waning. Australians in town are greatly cheered by the golden glory, for the mimosa is the wattle of their homeland, carrying with it the same significance as the heather to a Scot abroad.”

Colonials and others on holiday in this country, have thanked us personally for sending them souvenirs of Scotland when far away; and others have reciprocated by sending preserved leaves and flowers from their distant lands.

The exchange of national floral emblems will yet become exceedingly popular.

Botanical Specimens go through the post at letter or parcel rates.

## A Diversion for the Leisure Hour.

**H**OW MANY LANGUAGES do you speak? Unless you are a professional interpreter, or have lived abroad a good deal, you will probably reply, "One, of course; English." That so? But English is composed of dozens of other tongues—in fact, you cannot say the simplest thing without using a number of foreign words. Take your house, for instances, and see how many languages are needed to describe it.

The word garden is a word meaning an enclosure, and comes from the old Vikings. The porch is a Latin word; so is the vestibule, which was originally the place where the Romans left their vestments or overcoats.

The parlour is derived from the French word parler, to speak. It is the place where you speak to your friends. The dining room is also French, but the drawing room is English. The word is really withdrawing room—the room to which people withdraw after dinner.

Some women have their own little dens, which they call boudoirs—French again! Boudoir means "a sulking place," and is the room to which the lady of the house retired to pout away her ill-humour, when she was feeling she hated everybody. A recess in a room is called an alcove, which is an Arabic word meaning an arch.

The kitchen is Latin: scullery is certainly not an English word, but it is doubtful whether it was the place where the Romans put their trays, or that where the Vikings swilled their pots. The larder is a French word, meaning bacon-store.

The staircase is German. At the top of it is the passage, a French word meaning "space for moving to and fro." Often it is called a corridor, thereby using a Latin word meaning "running-about place." The Romans gave it this name because their children used it as a playground.

The lumber room—really Lombard room—is the place where the Lombards, the great Italian bankers of the Middle Ages kept their papers. It is also given the German name, garret, or the Greek name, attic. Greek temples were built with a triangular structure above the pillars at either end, hence the name is given to the room with a painted ceiling at the top of the house.

Houses are built of French brieks and roofed with slates, a German word meaning "split things." The chimneys are Greek, the gutters that collect the rain water are French, while the water spouts that carry it away are Swedish.

Icelandic windows keep out the wind, and at night Venetian blinds are drawn. These, by the way, came to Venice from Spain, where they were called "jealousies." The jealous Spanish husband kept his wife in seclusion. She was not allowed to draw up her blinds, but she might peep through the slits between the laths.

When you speak of a veranda you talk in pure Persian, or you might launch out into German by calling it a balcony. The bay windows in front of the house come from Baiae, a health resort of ancient Rome.

If your brain begins to whirl at the thought of all the tongues that you speak in naming the parts of your house, you can put on your Hindustani pyjamas, jump into your German bed, lay your Scandinavian head on the Latin pillow and Saxon bolster, pull up the Gothic sheets, the French blankets, and the Danish eiderdown, turn out the Greek lamp, and seek the Latin solace of Saxon sleep!

The English is not the only language made up from others and become known all over the world. **Esperanto** is similarly constructed, and has become the means of easy communication among people who believe in good-will, peace, and universal understanding. There is not a subject which cannot be discussed and settled by it. It is logical, euphonious, easy to acquire, and pleasant and profitable to use. The League of Nations has recommended its adoption. It was conceived in the troubous districts of eastern Europe, by an observant Jew with the Christian outlook. It is as free as the pure air of heaven, can be learned in private and circulated throughout the world by the art of printing. It is pre-eminently pro bono publico.

National and International Esperanto Congresses are regularly held annually. A Special Conference on Esperanto in Commerce held at Venice, at Eastertide, 1923.

# BONNIE SCOTLAND'S RESORTS

4d and 1s.

The current issue, printed in 1914, was in Commemoration of  
The Six Hundredth Anniversary of the Independence of Scotland.

The introductory pages of Bonnie Scotland's Resorts are well-known throughout the world already, as they, translated into Esperanto, had the honour of being the first National Guide-Book in the International Language, and has stirred an interest in our country which will continue to increase with the spread of good-will.

These introductory pages were also used as the text of a booklet printed in Pitman's Phonetic Longhand—in commemoration of the celebration of the Inventor's Centenary, in 1912. For specimen print see green page at end.

*THIS BOOKLET FIRST APPEARED IN CONNECTION WITH  
THE DIAMOND JUBILEE OF*

**Her Most Gracious Majesty QUEEN VICTORIA,  
of Happy and Glorious Memory,**

*when Her Majesty was pleased to accept copies, and commanded her  
thanks to be sent to Mr Higgle.*

**HIS HONOR THE LATE WILLIAM MCKINLEY,** when **PRESIDENT, U. S. A.**, similarly received and acknowledged the "winsome little volume" as a *Christmas Present*.

**HIS HONOR THEODORE ROOSEVELT,** when **PRESIDENT, U. S. A.**, accepted a copy as a *Birthday Present*, and returned thanks for the thoughtful courtesy.

**HIS HONOR DR WOODROW WILSON,** **PRESIDENT, U. S. A.**, accepted a copy as a *Christmas Present*, and returned thanks for the courtesy.

**HIS HONOR WILLIAM TAFT, LL.D., ex-PRESIDENT, U. S. A.**, received a copy on the occasion of his third visit to Scotland, and the honour conferred upon him by the University of Aberdeen, in July, 1922.

**THE COLONIAL PREMIERS AND PARTY,** who visited this Country at the Coronation of **EDWARD, THE PEACEMAKER**, were presented with specially-inscribed copies, through the *Scots Secretary to the Empire League*. The booklets were thoroughly appreciated.

**THE KILTIE BAND** of Famous Musicians from **CANADA**, were, on their debut in this country, also presented with three copies, which they received with "great enthusiasm."

**THE JOURNALISTS REPRESENTATIVE OF THE BRITISH EMPIRE**, when visiting the Homeland recently, highly commended this "very convenient and compendious guide to the Health Resorts of Bonnie Scotland."

**A SYSTEMATIC COMPLIMENTARY CIRCULATION** of this booklet is a regular feature.

In the exercise of this custom, we kept all the Red Cross Hospitals in Scotland supplied with copies, and the convalescent heroes thankfully enjoyed the information and entertainment its pages provide.

**LARGE NUMBERS** of the LIBRARIES, READING ROOMS, HOTELS, AND OTHER PLACES OF PUBLIC RESORT

**IN GREAT BRITAIN, IRELAND, UNITED STATES, AND CANADA** are occasionally presented with copies of the "Dainty Literary Dish."

*From all classes in every quarter, at Home and Abroad, come congratulations. We appreciate such acknowledgments.*

## Call of World Alliance to League of Nations

### APPEAL TO THE CHURCHES.

*(From the Glasgow Bulletin, April 21st, 1923.)*

A DELEGATION from the WORLD ALLIANCE for PROMOTING INTER-NATIONAL FRIENDSHIP THROUGH the CHURCHES, whose management committee, representing 24 countries, has just been meeting at Zurich, called on the Secretary-General of the League of Nations yesterday afternoon to present a resolution. The delegation was headed by Dr Alexander Ramsay, organiser for Europe.

The committee deplore the continued unrest in Europe. They declare their conviction that the only hope for the salvation of Europe and its escape from present difficulties lies in applying the spirit and teaching of Christ to the problem with which it is confronted.

The committee therefore urge Christians in all lands to manifest this spirit in the face of all influences which make for the national egoism and bitterness of feeling.

#### A Common Effort.

The committee reaffirm its declaration of the World Alliance that the League of Nations, enlarged and improved, is to be found the most helpful means of removing the danger of war, and that it should be the task of the Church to inspire among people of every land enthusiasm for this great conception, and willingness to labour for its complete realisation.

At the present moment it is clear that the settlement of the question of reparations, on a sound economic basis is the most urgent step towards the adjustment of the relations between France and Germany, and the reconciliation of Europe, and in the opinion of the committee this can only be accomplished by an impartial authority.

But the question is not confined to France and Germany. All civilised nations are interested in a just and permanent settlement, and it should therefore be carried through by a common effort inspired by a Christian purpose of brotherly aid and mutual sacrifice.

#### League and Initiative.

The League of Nations is the only international agency which can take the initiative in bringing this about. By its action in co-operation with other nations, including Germany and the United States of America, it should be possible to constitute a body before which all parties would consent to lay their case, to organise adequate financial measures for carrying the decision into effect, and to set up such a system of mutual protection as will secure the safety of all countries and general peace.

If for any reason it should prove impracticable for the League to take the initiative, the committee is convinced that the situation is so critical that some other means must be found for bringing together such a conference.

The committee appeal to the national councils of the Alliance to lay this message before the various churches.

## The Bute County Directory

is the only Publication of the kind printed and published in Buteshire. Its data is carefully compiled, and much time and attention is devoted each year to the careful investigation and noting of the necessary alterations in the personnel of the occupants of public offices, the correct addresses of the general inhabitants, and the latest changes amongst those engaged in business.

The earliest publications connected with Rothesay were Directories, and they are interesting reading even at this time of day.

Our publication not only includes the Burgh of Rothesay (where it has long been most appreciated, but embraces the whole of the County of Bute—from the outlying districts of which more interest is respectfully solicited.

Owing to the increased prices of material and wages, we have been compelled to raise our tariff from pre-war issue, but that advance is not nearly equal to the increased cost of production : We desire not the curtailing of our information, but the continuing of everything as full as possible.

## THE BUTE COUNTY DIRECTORY

This DIRECTORY now-a-days contains the information distinctive of both the DIRECTORY and the ALMANAC of past years. The BUTE DIRECTORY, although very useful to the fluctuating visiting population, is not necessarily a fine-weather publication, but a hardy permanent annual.

Our aim, in this publication, is not to record the passing names and achievements of visitors and those who come to cater for them, but something of far greater importance—the registering of the names, standing, and businesses of the resident population—for the information of all having an interest in Buteshire, its burghs and rural districts.

The Directory is, of course, not only for the remaining portion of the year in which it is issued, but continues the only printed reference book for the county of Bute until its successor appears.

One edition of the Directory is no sooner off than we begin to note alterations (and prepare for possible additions) for the next—so that it may be thoroughly up to date. These alterations and probable additions lie at our office, and are at the service of our customers.

Will Secretaries of societies, etc., connected with Buteshire, who do not already do so, please remember to forward to us particulars of their institutions, annual reports and lists of office-bearers, as information for the next issue?

This Directory is not only found all over Buteshire, but in the libraries and other places of public resort in "the adjacent islands of Great Britain and Ireland."

Price to Subscribers, Two Shillings; to Non-Subscribers, Three Shillings. Postage, Threepence.

The Commercial Library, 21 Miller Street,  
18th July, 1918.

Messrs Higgin & Co., Publishers, Rothesay.

We have to thank you for the copy of the Bute County Directory, addressed to the Stirling Library. Since November, 1916, all Directories have been transferred to The COMMERCIAL LIBRARY, 21 Miller Street. This library has been established for the use of business men, and, as since its opening, we have had over 49,000 visitors, more than one-third of whom consulted the Directories, you will appreciate the publicity your Directory obtains.

Yours faithfully,

JNO PHILLIPS, Librarian.

---

This DIRECTORY came out regularly during the strenuous years of the Great War.

We are striving to keep the lists as full as ever during the present time of industrial depression. Being optimists, we hope we shall win success.

The Opinions of the Press on the latter issues are as complimentary as formerly.

---

*The "ca' canny" and similar anti-British tactics are paralysing progress and preventing prosperity. Unless there is a determined revival of Industry, what must the harvest be? It is not through the guile and covetous selfishness of the wicked and thoughtless, but through righteous Regeneration that peace and prosperity will be regained.*

*People are willing to spend money on Holidays as well as on Business, but the blight of strikes, love of idleness and dreams of getting something for nothing, are up in opposition.*

### The Revival of the Touring Season.

The following sample enquiry letter was received after the War was over:—

Sandown Station Road, Stechford, Birmingham, 12th June, 1919.

Messrs Higgin & Co., A B C COAST GUIDE, &c.

I shall be much obliged if you kindly send me names of any apartments you can recommend at Craigmore, Wemyss Bay, Millport, Craigendoran, and Tarbert.\* My Guide is 1904. Thanking you in anticipation, yours faithfully, W.M. T. JONES.

\*Districts included in THE COAST GUIDE.

*The above shows the Pleasures the public are again longing for but not enjoying to the full because of the "ca' canny" policy and the charm of living of the rates.*

*The callous numbing of Busy Hives of Industry throughout the country is ruinous. Charity is a splendid virtue, but it should not be allowed to encourage pauperism.*

There are 1,500,000,000 Human Beings in the World,

and Professing Thousands of Religions.

*More than Christians believe that la Homaro vivos kunfratate.*

THE GREAT CREATOR OF ALL made of one blood all races of Humanity on the Earth, and when we fell from the high estate in which we were created by our disobedience, Jesus Christ redeemed us, his Gospel of "peace on earth and good will to men" is to be preached to every creature, and "the gates of hell shall not prevail against it." The confusion of tongues at Babel is being followed by the gift of the perfect language foretold by Zephaniah. The walls of Jericho fell before the sounding of the rams' horns at the command of Joshua, and the lingual walls, which have hitherto divided the nations, need no longer, through the genius of another Israelite, prevent "all people that on earth do dwell"—whatever their creeds, colours or idiosyncrasies—from satisfactorily communicating with each other by means of

Esperanto, like ENGLISH, is made up from other languages: its roots are taken from the same jungle, but scientifically treated in a garden *pro bono publico*.

The 11th Annual International Congress was to have been held in Edinburgh in 1915, but the Great War, which prevented the holding of the 10th at Paris the previous year, was the means of causing the transfer of the 11th to San Francisco. To commemorate the opening of the Panama Canal a big Exhibition was held there, and a Tuta Pacifika Esperanto Kongreso developed into the 11a Tuta Mondo Esperanto Kongreso.

The 12th Kongreso Internacia was held at the Hague, Holland, in 1920; the 13th at Prague, in 1921; the 14th at Helsingfors, Finland, in 1922; and the 15th at Nürnberg this year.

Esperanto—the language of peace on Earth and universal brotherhood—is steadily spreading. It is much easier to learn and comprehend than any national language, and does the work of all. On the Continent during the Great War it was an incalculable blessing to Red Cross work and tracing the missing. It was a veritable open sesame into everything good. The world-wide Boy Scout movement has taken up the study of la kaia lingvo. It was used at the great international Jamboree in London, a meeting so happy and harmonious that it was appropriately closed by the singing of Auld Langsyne. Esperanto is more easily learned than alphabets of some languages, and as it has no politics, religion, or physical force or selfish aims of any nation, but is pre-eminently *pro bono publico*, and peculiarly fitted for cementing and making permanent and happy the coming efficiency of the League of Nations. That organisation has unanimously recommended the official and universal adoption of Esperanto, and its teaching in the schools of all civilised countries.

# UNION AMONGST The Worshippers of ALMIGHTY GOD.

**Against Wanton Destruction  
by Men and Devils.**

---

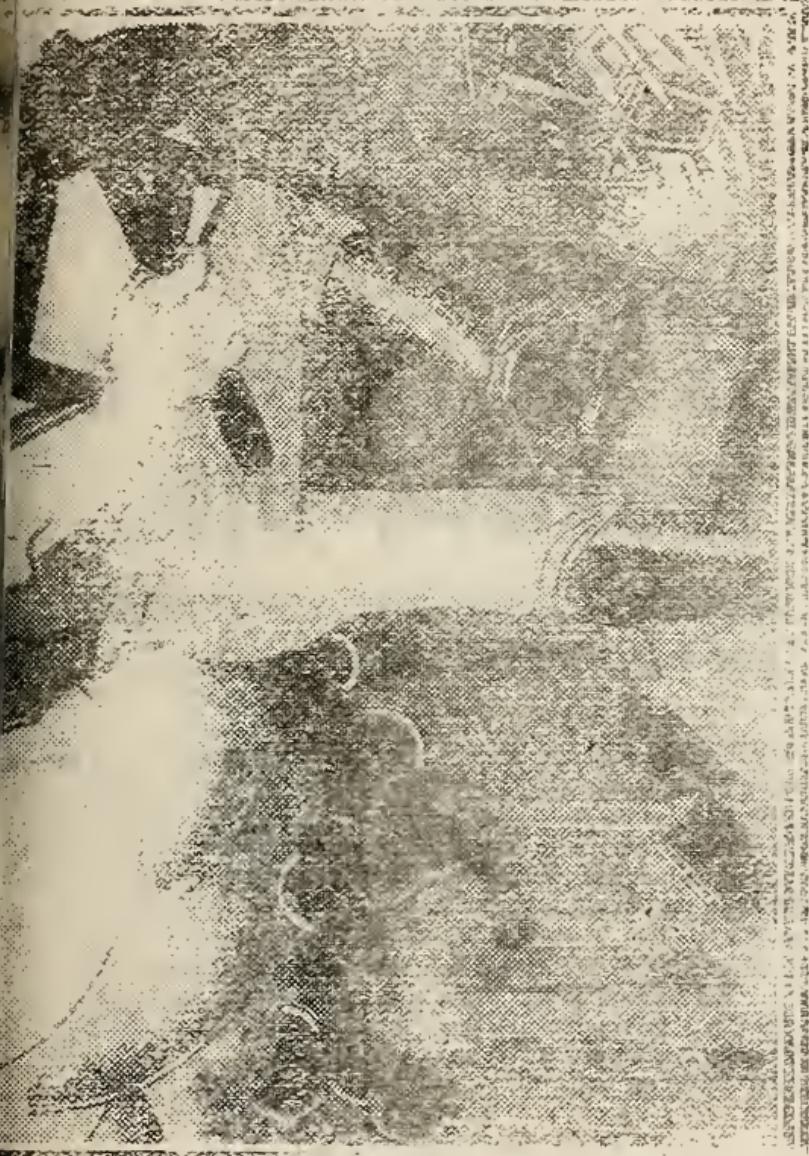

**B**OLESHEVISM IS RAMPANT ! In Russia there is a desperate movement for the destruction of **everything religious**. A propaganda poster represents an athletic working-man emerging from his Church wreckage on Earth and attacking the terror-stricken Divinities of Jews, Christians and Mahomedans, etc. in Heaven. Why will not these who believe in **THE SUPREME BEING** unite to resist such horrors against humanity ? We may never assimilate each others creeds or forms of worship, but we can surely unite against the enemies of civilization, act in harmony for good, and live in peace. **Espenanto** is becoming the **Common Language** of the **World**, and has been adopted by one new sect, while many religions, scientific and business institutions use it for international purposes everywhere, with amazing results.

# FORWARD ESPERANTO!

**E**SPERANTO is the product of no Religious, Political, Business, or Pleasure Movement, singly or collectively, but is at the service of EACH and ALL, separately or in combination.

When it was intimated to me that a deputation from the III International Congress [at Cambridge, in 1907] was to honour Rothesay with a visit, I began to think about a cordial welcome. A visit to Chapelhill at once appealed to me. From there the Bonnie Bay and the front of the town and shores, and the "sleeping kings" beyond could not fail to charm. The three church spires at the foot and half-way up the hill might call for remark owing their proximity. It would not have been congenial to explain the different forms of church government in Scotland, so I intended merely to say that the different churches were like different regiments in an army: where were to be found infantry, artillery (light and heavy), engineers, cavalry, and, in maritime countries, a navy. (The submarine and air forces had not yet emerged). Each had different arms, accoutrements and drill. So the different churches had different forms of worship.

When David faced Goliath he preferred his trusty sling and faith in goodness and truth to protective armour like the defiant giant's. Inspired belief and zeal in a righteous cause will overcome difficulties. It is not for regiments or sections of worshippers to quarrel with each other's methods, but rather to seek the origin of our common humanity and live at peace.

Esperanto wishes to promote a mutual understanding among all people on earth, and does not seek to interfere with national affairs or methods. Individual and collective effort is desired: let none covet or despise the methods of others. Strife is a misfortune; concerted action is necessary. Let us unite in our adoration of Almighty God, and He will give the victory over evil, and vouchsafe the blessing.

"I was shown a copy of your publication, 'Bonnie Scotland's Resorts,' while up country, and am desirous of possessing a few of those interesting books; so realistically depicting places I have visited, and 'brother Scots.' Kindly inform me if such can be procured in this country or U.S.A., and, if so, where? I would not mind going 500 or 600 miles to get a few of your small books—so full of interest to the fellow Scot men I come in contact with here. . . . The party who showed me their copy had it for years. I shall be glad if you let me know if you issue other Publications along the same lines as the A B C 'Resorts of Scotland.'"

Messrs HIGGIE & CO., Rothesay.

We are now preparing a post-war edition.

These Publications are appreciated by intelligent persons outside Scottish connection, and we sent (free and direct) from our head office, in Rothesay, copies of BONNIE SCOTLAND'S RESORTS, &c.,

**to the Red Cross Hospitals in Scotland,**

giving a welcome to the brave Sailors and Soldiers who had been fighting in the Great War for Peace on Earth and Good Will to Men, and we received many thanks for our consideration.\*

One never knows the good received in unexpected quarters. A Scottish soldier, while in an Egyptian hospital, "swapped" something with a fellow patient for a booklet on Pitman's Shorthand. He learned the art, introduced it into the British Army, and presided at the Glasgow celebration of the inventor's centenary—when he indicated the wonderful success of his innovation.

\*The occasional free broadcasting of our publications produce much pleasure, good feeling and reciprocity.

We give special terms to Scottish Societies for the peaceful penetration of good will throughout the world.

In China, for thousands of years, it was only scholars who could read and write the language. Recently, a phonetic alphabet was evolved through the instrumentality of foreign missionaries. It is not based on the romanic letters—so well known in Western Europe, and adapted for the different languages in India, — but the innovation is so popular that people in the streets are learning to read and write in a marvelously short time.
